

Books and Records: Language

Books and Records: Language (Slide 1&2)

Registered Charities must keep adequate books and records in

English or French

The language used in the charitable activities does not affect the language of the books and records.

For example, all the program activities of your charity are in Korean. Your books and records are in Korean. You will need to have your books and records translated into English or French unless you have approval from Canada Revenue Agency that you can keep your books and records in Korean.

Notice (Slide 3)
